

# Wallaceburg Site Redevelopment

In November 2022, CKHA created a community initiative to encourage residents of Chatham and Rural Kent to engage in the Wallaceburg Site Redevelopment project. The initiative consisted of a question that was posed to the community to better understand what 'Hospital' means to them. Here are the results:

Access to Mental Health/Crisis Support Services

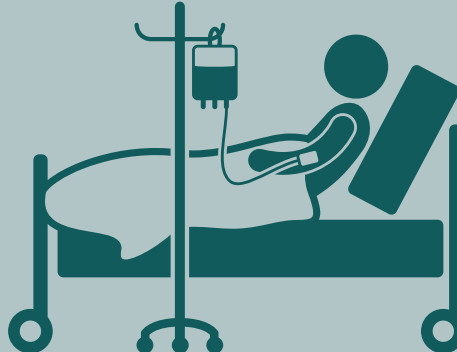

Access to Local Care Within the Community

Timely Access to Treatment and Care

Capacity for Overnight and Longer Stays

Available and Fully Functional 24/7 Emergency Department

Qualified Staff and State of the art Facilities and Technology

What 'Hospital' means to residents of Chatham and Rural Kent...

Safe and Secure Place to Receive Treatment and Care

Services that Support Individuals Across the Lifespan
